- Ease of learning

WORK EXPERIENCE

FULL STACK DEVELOPER

Sysmap Solution – Software e Soluções Digitas | 2021 – present
- Developed applications for the retail area on a global scale.
- I learned to work with several squads simultaneously.
- Architected applications from backend to frontend.

FRONT-END DEVELOPER

Cluster – Design e Visualização de Dados | 2019 – present
- I performed dozens of projects for data visualization using the Qlik Sense API.
- I improved my skills, mainly with ReactJs.
- I learned to deal with the client and mentored the interns.

INTERN FRONT-END DEVELOPER

Cluster – Design e Visualização de Dados – 2019 – present | 2018 – 2018
- I learned the basics of being a front-end developer creating applications for data visualization.

EDUCATION HISTORY

FEDERAL UNIVERSITY OF SANTA CATARINA

Bachelor, Information Systems · (2017 – 2022)
